

# Contec® Healthcare TB1-3300™ Disinfectant

## Ethyl Alcohol/Quat Cleaner Disinfectant

Contec Healthcare TB1-3300 Disinfectant is a blend of quaternary ammonium and ethyl alcohol available in 32 oz. (0.9L) and 1 gallon (3.8L) containers. TB1-3300 Disinfectant is available sterile and non-sterile. It is a ready to use cleaner/disinfectant that generates low residue.

TB1-3300 Disinfectant has a 1-minute bactericidal, virucidal, tuberculocidal and fungicidal contact time. It is bleach-free, making it an excellent choice for operators in critical environments, sterile compounding facilities, retail pharmacies, and laboratories.

A push-pull cap is included for controlled application. Contec Healthcare TB1-3300 Disinfectant is ideal for cleaning and disinfecting environmental surfaces in pharmacy cleanrooms and laboratory areas including work stations, isolators, Primary Engineering Controls (PECs), Secondary Engineering Controls (SECs), and other hard non-porous environmental surfaces.
